

beach notes

9/14/06

Dear Darlene +
Shorewood Associates,

We would like to take this opportunity to thank all of you for the wonderful care you give to our beach house. We spent Labor Day weekend at our home on Emerald Isle, and were very happy with its condition. There have been renters vacationing there from early June to just prior to our arrival, yet our house showed no abuse and was immaculately clean.

In addition, as absentee homeowners, we are very dependent upon you, as our management company, to keep us informed of any problems. You contact us immediately whenever anything (major or minor) arises. This

In the Land of Simplicity...
pare down to necessity, grow wispy and fishy,
boogie, bask and be, but best of all Live Thankfully.

enables us to be part of all decisions made concerning our property, even though we live six hours away from E.I.

The entire staff of Shorewood is totally familiar with our place. Whenever we have questions about our house, we feel we can consult with anyone in your office and receive competent advice.

Once again, thanks to all of you for showing us that you care about our investment. We wish continued success to all of you.

Collie + Joel Edmundson
